Original Scotch Whisky Glass

This tulip shaped glass (dock glass) is the master distillers and whisky connoisseurs glass of choice. Originally named the 'dock' glass due to merchants using it to nose wines and spirits on the docks. The long stem prevents the drinker's hand and 'its polluting smells' from coming close to the nose and the bowl shape concentrates the aromas through the slightly narrowed rim. If desired the glass can be cradled to warm the spirit. This beautiful and original glass is perfect for the true appreciation of the nuances of Scotch whisky

Thistle

FLOWER OF SCOTLAND

Hand cut crystal

An elegant range of a thistle shaped decanter and tumblers, hand made and hand cut with an intaglio thistle design, representing Scotland's proud and historic heritage. Legend has it that a sleeping party of Scottish warriors were saved from ambush by an invading Norse army when one of the attackers trod on a thistle with his bare feet. His cries raised the alarm and the roused Scots duly defeated the invaders. Legend has it that the thistle was consequently adopted as the symbol of Scotland.
